Measure, Appointment or Topic: SB1187

Dear Committee Members,

I oppose this bill. The climate change hoax is over and everyone knows it. To begin with, the climate has been changing ever since the earth was formed, and it will never stop changing. It has nothing to do with what humans are doing. Oregonians are suffering under high costs of everything, and our representatives are doing nothing but trying to raise taxes on us everywhere they can. We need to focus on the things our state really needs; jobs, housing, better education, drug rehab.

Please vote no on this bill.

Sincerely,
Karen Schmidlin
