

Submitter: Anna Munson  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: SB1154

My name is Anna Munson, I live in Salem. My reason to oppose this bill is that well owners are the most concerned about their wells and have been working to keep their wells active, viable and safe. They have already been working with agencies by voluntarily submitting samples as required by law.

This bill is overreach leading to control of a well that the property owner has had to pay all the costs to create and maintain a well for their use on their property.

Well owners have voluntarily worked with agencies, this bill now creates an adversarial attitude from one that was one of working together.

I ask you to oppose SB1154 and Stop the government overreach to private wells and eventually water metering.

Respectfully,  
Anna Munson
