

Submitter: Lynda Ogilvie

On Behalf Of:

Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or  
Topic: HB3944

Once again, by putting the government in charge of things, in this case forest management, they have totally mis-managed it and we have suffered mightily these past few years with horrendous wildfires putting forests, wildlife, people and homes in danger. This bill will negate horrendous incompetence of the State. Please vote yes.
