

Submitter: Anthony Wilson

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1015

I oppose SB1115 in using tax payers money for entities to do as they wish. Isn't this what our police departments are for to reduce violence and crime. It seems counter productive to give tax payers money to entities that have no power or the ability the reduce violence. Again this is why our taxes fund police departments that have the power and authority to do it not special interest groups and entities
