On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1015

I oppose this bill on the basis of wasteful spending. I oppose spending money on entities that are not properly vetted and are often inappropriate. These monies will end up in the hands of those groups who attempt to illegally remove our 2nd Amendment rights through deceitful means. The department of justice has better things to do, such as prosecuting actual criminals and not creating new ones.

I oppose.
