SB1015

I oppose SB 1015 for the following reasons,

Bills are being written and pushed through by groups whom are funded from wealthy private special interests, and if SB1015 passes it will allow the government to fund these groups. These groups are not necessarily out for justice or the best interest of the people, rather they collect a healthy income from the funding of billionaires and SB

1015 would further increase that cash flow.

Not only does SB1015 create a bias for government funding, but also is a violates our constitution of government overreach. I ask that you oppose SB1015.

Thank you
