Measure, Appointment or Topic: SB1015

I Oppose SB 1015. Our tax dollars cannot go to groups that oppose our God given rights. These groups do not use facts or hard data to argue measures, they spew lies and nonsense to attack our constitutionally protected second amendment. Many of which are funded by out of state interests. Once again, if you actually care about crime and victims, start enforcing EXISTING laws! Stop releasing criminals, Stop allowing illegals safe haven, start prosecuting crimes, and STOP making Oregon a sanctuary for crime! Taking hard working Oregonians money and giving it to those who oppose our rights and want to fight against us to disarm us is unacceptable!
