

Submitter: Cynthia Bennington
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1154

We ask the Legislature to REMOVE Section 17 and Section 19 from the -1 version of SB 1154 bill! This is another example of Oregon State and municipalities overreact and power grab over rural communities.

We also are against Portland Water Bureaus' 3.6-BILLION-dollar construction of their water treatment plant on 100 farming acres in East Multnomah. This is a boondoggle under the auspices of treating "Cryptosporidium"! PWB, blatantly defies Multnomah County and Oregon's LUBA rules by starting irreversible destruction to the land six months before receiving approval (which they still do not have!) This is more than overreach and a disregard for wildlife, ratepayers and the will of the people. LUBA has placed a "hard shut down" on the PWB project for 120 days. Come to the Multnomah County Remand Hearing.

HEARING DETAILS

DATE & TIME: Wednesday, April 16, 2025, 9:00 am
