

Submitter:

Daniel Strawn

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1015

I oppose this bill! First of all the State has no right financing private groups of lobbies! Second of all the State should not be financing things that go against our constitutional rights! Our tax dollars are not a free check book to the legislators of this state, money should be spent on infrastructure, mental health, drug problem's, actual crime and other things to better our state! We are over taxed as it is!
