Measure, Appointment or Topic: SB1015

I am writing in opposition to SB 1015. With the State of Oregon forecasting a budget shortfall and not currently able to fund the programs already in place. You should not be adding more burdens to the already short budget. If you really want to help the state of Oregon and communities, then you need to fund MENTAL HEALTH all across the state. The money spent on mental health care would be better, and the outcomes would be seen long after.

I urge the commity to vote no on SB 1015.
