Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1015

Until I hear better information regarding this bill I am in opposition. This bill by has been introduced to primarily fund specific special interest groups like Moms Demand Action. This is just one more bill that will restrict law abiding citizens. I and many others are 100 percent in support of a healthier safer state. This will not achieve that at all. We need to work together to find solutions to Oregon's actual issues.
