

Submitter:	Maurice Yoder
On Behalf Of:	Second Amendment
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB1015

Again, this Bill goes against the Second Amendment. It's an infringement on our second amendment rights. Why does the Constitution matter to you when you Progressives want to interpret it to protect something it's not meant to protect, (abortion) but say it doesn't protect what you think it doesn't. You have got it backwards. Vote no.
