

Submitter: Eden Abbey

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1015

We have the highest rates of community violence in communities with the most gun restrictions. Typical left mentality. Create a problem, then create a "solution" to the problem they created only to line their dirty pockets. If more Americans were free to exercise their second Amendment rights, there would be less violence. Criminals look for victims. Stop turning law abiding Americans into victims of those who don't care about laws.
