HB3127

Hello,

I am a licensed Funeral Director Apprentice in the State of Oregon. I care for families in Tigard, Beaverton, Tualatin, Sherwood and Portland. Having medical professionals sign via the Electronic Death Registry System (OVERS) helps families get their loved ones death certificates sooner and more efficiently. The biggest delay for families is having the Dr sign the death certificate. Requiring an in OVERS signature makes it easier on everyone serving the families in a time of grief; and also makes it more effective and efficient on Drs offices, their nurses, PAs and staff and on Funeral Care staff.

Thank you,

Eric
