

Submitter:	Riley Rogers
On Behalf Of:	SB 1015
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB1015

I oppose SB 1015 in order to conserve funds that can be spent efficiently elsewhere such as infrastructure or project developments that benefit and thrive the community. SB 1015 is irrelevant in most regards because of the laws and agencies already in place addressing issues regarded in SB 1015
