

Submitter: Daniel Chase

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1015

How are we supposed to give grant money toward a problem we can't even clearly describe. If you want to decrease violence in communities, stop attacking law abiding citizens and allow them to access and practice their constitutional and God given rights.

This state simply does not have the money for more grants that will either be used incorrectly or not at all.
