SB1015

I oppose SB 1015!! Honest citizens should not have their Constitutional Rights infringed, regulated, neutered, or otherwise violated in any way!! This bill is a typical "throw money at a problem" which will not result in any solution to violence. Grants will be given to anti-2nd amendment rights groups. Additionally, the Department of Justice's Crime Victims and Survivor Services Division (CVSSD) has never proven any results from their department's creation. They are a failure. Many people here in Southeast Oregon are against SB 1015!! Please VOTE NO!!
