

Submitter:

Courtney Fero

On Behalf Of:

Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB2749

I live in St Johns with my two daughters, and I own a small business down the road in our same neighborhood. My daughters go to James John elementary. I am asking for empathy, for you to consider what it would be like to live in a geographically unsafe location, with children. Please pass this measure so there can be funding allocated for this bridge rebuild/update. Please help us protect our community. I truly appreciate it.
