

Submitter: Stephanie Chavez
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB2749

Hello,

I am writing to support of HB 2749. As a resident of St Johns, I think preparing our community for future disasters is critical. We need an emergency route so that our community is not trapped if there were a significant disaster, such as an earthquake. Please help safeguard our community.

Thank you.

Kind regards,

Stephanie
