

Submitter: Judith Williams
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB2749
To Whom it May Concern:

I am a constituent of St. Johns in Portland Oregon. I am very concerned about the Big Earthquake and being stranded due to failing bridges. I am trying to build our emergency supply and I'm wondering: Do I need to buy gas masks because of toxic clouds from the CEI Hub? What about my cat ~ will he just die? Do I have enough duct tape for my windows and doors to prevent toxic fumes from coming in? Do I have enough medications on hand for my husband with heart problems? If one of us dies, or neighbors die, what do we do with the bodies if we're stranded?

PLEASE HELP I want to live. I want my loved ones to live. And my cat.

Thank you,
Judy
