SB1180

Hi,

SB 1180 could be the dumbest bill in the Legislature this year.

4 MILLION Oregonians can access the contents and status of every initiative proposed for the next even year election at any time and as often as they would like.

There is NO reason for SOS to prepare a report even once, much less again and again, for the Legislature re initiative status.

This is a great example of Government wasting Government's time and TAX PAYER's Dollars for NO BENEFIT.

Vote NO on SB 1180!

Thank YOU!

Vote NO on SB 1180.
