I'm writing in support of HB 2749. The St. John's community needs a reliable emergency route. I have lived and owned a home in St. John's for almost 20 years. I love it here. I would like to plan to stay here.

I work in Northwest Portland. I worry so much about being separated from my daughter, pet and home, if and when we have a large magnitude earthquake. Please do what needs to be done to build the necessary updated infrastructure to keep this community connected to Portland.

Thank you
Kathryn Francis
