

Submitter:

Laura Kurtz

On Behalf Of:

Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB2749

Hello, I am writing to urge you all to pass this measure! I am a mother, a teacher, and a very concerned citizen. We all know that the big earthquake is coming and for us to ignore an entire peninsula filled with families, elders, children, adults, everyone! It is just beyond belief. Please pass this bill, it is the first and least thing we can do to prepare. Thank you very much for your time and the work you do.
