Measure, Appointment or Topic: HB2749

I support HB2749.

The St. Johns neighborhood will not be reachable when and if we have a major earthquake due to all of the bridges collapsing. This will be a disaster for the residents as no emergency vehicles can enter enter. People will be unable to go to work unless they live in the neighborhood. People who work in St. Johns will be unable to go to work. In addition I will be unable to visit people who live in this neighborhood. These are just a few of the issues that would occur without bridge access to the neighborhood.

Please move this valuable bill forward. Thank you.
