

Submitter: Robert Carpenter

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2749

Representatives and Senators,

In the event of a major earthquake, the residents in the St. John's neighborhood in Portland will be trapped. We must have an avenue of escape. I insist that you support HB2749 to begin the process of securing an escape route. Thousands of lives may depend on the actions you take.

Thank you,
Robert Carpenter
