

Submitter: Sue Crow Wardell

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2749

Keep St John a Portland neighborhood! Don't make St Johns an island! We will be trapped when the "Big One" hits as all the bridges over the railroad cut will fail.

HB 2749 provides the money to get to the level of designs needed to go after grant funds to build a new bridge over the cut on Columbia Blvd. It's the next key step in our long journey to having a way out of St. Johns after disaster strikes. Thank you for your consideration.
