Kari Gjerde

On Behalf Of:

Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB2749

As a resident of St Johns I am in support of allocating funds to reinforce the bridges in and out of the neighborhood. Not only do I work out of the neighborhood and fear what could happen if an emergency occurred while I was away from home, I also worry about being trapped in the neighborhood if the bridges out of the neighborhood were to collapse in an earthquake or similar emergency. Please allocate funds to ensure safety of our residents should something happen. Thank you!
