Chair & Committee Members,

I'm sorry, but I OPPOSE SB 64.

As a retired mom of three, I worked my entire life to support my children, sometimes taking more than one job to do so. I understand hardship. What I do not understand is paying anyone in advance of a "credit" they may take off their taxes (assuming they pay into the tax system to get such a credit) and then not having to report those \$\$ as income by receiving it as advance "payments".

I just cannot support this at all. Please do not pass this bill.
