Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or Topic: SB5505

Please support this hatchery bill. Although I am a Washington resident, I spend a considerable amount of time (and money) fishing in Oregon. As a retired fishing guide I'm very aware that recreational fishing can be an economic engine, but not without good fishing. Oregon has the potential for improved fishing with good management. But without hatchery fish to catch there is basically, no fishing. Fishing is a family tradition and valued recreation. Please support funding for hatcheries.
