

Submitter: Cathy Lewis Dougherty

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2945

The Zero-Emission School Bus Act is an opportunity to accelerate transportation electrification, improve air quality and reduce harmful air and climate pollution in our communities. HB 2945 would support Oregon schools in the transition to zero-emission school buses, and provide both financial and technical assistance. We owe this to our children, and to their futures for a safe and healthy world, avoiding at least some of the consequences of the climate crisis.
