On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Natural Resources

Measure, Appointment or Topic: SB5520

Honorable Co-Chairs Fredsererick and Levy, and Members of the Subcommittee on
Natural Resources,

I write in support of SB5520, which provides funding for the Oregon Department of
Environmental Quality. This funding would be important to the quality of life for future
generations of Oregonians under any circumstances. It is crucial now, when the
need is great and the federal government appears determined to ignore its
responsibility. I cannot think of a more important measure for the continuing livability
in a state I love, as we welcome grandchildren into our world. Please help.

Thank you for your work and your consideration.
