

Submitter: Carla Earl  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: HB2978

Hi,

I am urging you to support HB 2978 because though I don't even drive that much, I have had more than my share of serious close calls. I consider myself lucky. We live in Redmond, which is heavily populated with deer. So many close calls on HWY 126 and on Cline Falls Road.

I've seen the wonderful naturalized looking animal bridges that exist in Canada and have often thought them to be smart and beautiful in the interest of animal safety and human safety, and would love to see those in areas we know are very prone toward animal crossings. I can think of 3 spots in particular right off the top of my head.

Thank you for your consideration on this matter.  
Sincerely, Carla Earl
