

Submitter: Trevin Hoyt

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5505
Topic:

I'm in support of this bill due to the fact it's absolutely needed right now. Our hatcheries have been abused and maintained to the minimum for years. We need upgrades and with upgrades come healthier fish and hopefully more fish. More fish means more people out. Economy is small communities thriving. Kids getting outside to enjoy the outdoors.

Thank you.
