SB5505:

My name is Brad Staples, I am a partner and fishing guide in Western Fishing Adventures Ltd. This will be my 42nd season on the lower Deschutes River.

I am in support of SB #5505 to support neglected upgrades to the States fish hatcheries. If we do not have successful fish hatcheries in the State, there will not be enough harvestable Salmon and Steelhead. Also, fish hatchery's have proven to enhance depressed fish populations due to human caused damages.

Please approve SB #5505

Sincerely,

Brad Staples
