

Submitter: Diana Flowers

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2749

As a St Johns resident and solo parent of a young child, I'm deeply concerned about the lack of an emergency route in and out of my neighborhood. I urge you to support this bill to improve our infrastructure, so that when - not if - the Cascadia earthquake hits, we won't be cut off from critical services.
