

Submitter: Kristian Taylor

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5505
Topic:

The fish hatchery's of Oregon have provided me a huge chunk of my favorite memories growing up in our beautiful state, I had my first child this weekend and I hope nothing more then to allow him to learn to love our state the same way I did, the loss of these opportunities would be the start of a worrying decline in what makes Oregon, Oregon.
