On Behalf Of: Mr Oregon OPPOSES HB 2725  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: HB2725

I OPPOSE [HB 2725 and -2].

[HB 2725 and -2] does not treat Ports equally.

Allowing entities to 'piggyback' on "established eligibility thresholds for the Strategic Investment Program" produces illusory economic gains.

Courting the Semiconductor Industry for Oregon is waning and extending tax credits on illusory calculations pertaining to growth and economic development is unwise.

Oregon's "Research and Development tax credit" is predicated on the zeal and economic infusion of Federal money. Federal money is drying up.
