

Submitter: Kyle Dierks

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5505
Topic:

I used to be a salmon and steelhead fishing guide, but the opportunities to keep and retain hatchery fish keeps getting smaller and smaller every year. I fish 3 to 4 days a week for fun as it allows me to get outside, exercise and enjoy the outdoors. I have 3 young kids and I really want to get them into fishing. Also try to do something about the predation! Sea lions are destroying our fish populations.
