

Submitter: Wendy Friedman

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2990

I strongly support this HB 2990, which would require ODOT to submit a report detailing efforts to translate the Oregon Driver's Test, improve readability, set a release timeline, and explain the translation process, including attention to dialects and translator qualifications.

We all know that driving with a license is MUCH safer than not. Let's make it easier for ALL our residents who qualify to have an equal chance to take their driver's test.

Sincerely,

Wendy Friedman
260 Sunnyside Drive
Eugene, OR
