

Submitter: Randy Hecker

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5505
Topic:

I am in support of investing in our hatchery program as our fish runs are not getting better they are declining every year.

I am a fishing guide and from my experience when your customers go to another river they typically don't come back. This impacts all services related to the guide but also all the support services associated with the resource.
