Measure, Appointment or Topic: HB2684

I OPPOSE [HB 2684 and -1].

Updating an Integrated Pest Management Plan once every five (5) years is not acceptable.

The updated plan should be more frequent and this is my main objection to [HB 2684 and -1].

Pesticides are nasty chemicals and every year or so some are banned and others have stricter application procedures.

[HB 2684 and -1] is a good idea and should have been implemented many years ago with updated IPM Plans at least every six (6) months.

Mr. Oregon Concurs.
