Please Support HB3081 One-Stop Shop 2.0 AND SB5518 Heat Pump Programs AS WELL AS SB 54 Residential Cooling for Renters...as the summers heat up, Oregonians are suffering, some have died in heat waves. As the economy is endangered nationwide, people are strapped and have less options; we need all the help that our Representatives and Senators can provide to improve our homes and businesses' protection from weather events. Our communities need to remain strong and grow!
