

Submitter:	David Wall
On Behalf Of:	Mr Oregon OPPOSES HB 2945
Committee:	Joint Committee On Transportation
Measure, Appointment or Topic:	HB2945

I OPPOSE [HB 2945 and -1].

The Electrical Technology is not up to par with the energy requirements of a school bus especially, in very cold periods of the school year.

The electrical charging might tend to get expensive.

How long do the batteries last?

Who recycles the spent batteries?

School Districts are laying off Teachers.

Rural School Districts are too poor to afford Electric School Buses.

David S. Wall

Mr. Oregon Concurs and says, "I like the smell of diesel fuel."
