

Submitter: Logan Schuh

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5505
Topic:

I am a resident of Oregon and an avid recreational angler. I enjoy spending time outdoors and the opportunity to harvest fish to feed my family. It is critical that we get all the funding needed to sustain, improve and grow fish hatcheries in the state of Oregon. They are a vital part to angling opportunity. Which provides significant cultural and economic benefits to the people and businesses of Oregon.
