On Behalf Of:	Mr Oregon SUPPORTS SJM 10
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SJM10

I SUPPORT [SJM 10].

The SS United States is an interesting snippet of Naval History worthy of preservation.

The contributions of, "... American naval architect William Francis Gibbs..." should be included in History Texts used in [High School / University] American History Classes.

Mr. Oregon Concurs and says, "Hey Legislators, if you don't want to look stupid, refer all Legislation to Senator Robinson for his approval or disapproval."
