Dear King George
I oppose this bill. Strongly.

Technical changes which include the ability to adding taxes to those homeowners who make improvements are NOT 'technical' and there IS fiscal impact to the taxpayer with definite revenue added to the already burgeoning coffers the taxpayers are required to cough up to the state. This is an unethical bill. Any improvement will ultimately decrease home property value and it is exactly this (with all the homeowner, property owner bills): all homeowners to simply lose their homes after tax upon tax upon tax.
