

Submitter: Thomas Rumreich
On Behalf Of: Oregon Angler Alliance
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5505

I would like to go on the record to adamantly endorse SB5505 and the hatchery support component. Hatcheries are substantial sources of revenues that enhance communities throughout Oregon. The average annual economic impact of hatcheries in Oregon is \$750,000,000. Supporting hatcheries as part of this bill is a critical cornerstone of rebuilding these hatcheries and the communities they support.

Please support the hatchery capital component of SB5505

Thank you for your service to Oregon.
