

Submitter: Jayne Simmons

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: SB867

I oppose this measure and am asking you to oppose it as well.

All parents have the right to chose the school best suited for their children. This bill would limit that choice.

If our Education Department had better results than they are showing it might be different. As it is, the department should be disbanded and choices should be up to the individual school boards just as it was when our children were learning much more than they are now.

Oppose this bill.

Thanks,

Jayne Simmons
