

Submitter: Anna Ryder

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5505
Topic:

Hello there, my name is Anna and I am born and raised here in the Eugene Springfield area I've grown up fishing with my father on the Mckenzie River and spend our summers fishing trout, salmon, and steelhead. Those days on the water made and continue to make all the difference in my life even now as a an adult at 32 years old. Our hatcheries and these programs need to be funded and protected to continue to our generations and generations of fisherman and fisherwoman to follow. Our rivers and fisheries are the heart of Oregon. Please do your part in keeping it alive ! We need our fisheries please fund them
