Dear Co-Chair Girod, Co-Chair Nosse and Members of the Subcommittee on Capital Construction,

I'm writing in support of \$85 million in Article-G Bonds for the Performing Arts + Culture Center (PACC) to support needed academic space and a PSU-run community theater as part of Portland State's Capital Construction Bond Request.

This new space would tremendously benefit the quality of Portland state students' education and the quality of Portland culture. This space will bring life to the city that so desperately needs community. As a music education major, it is my mission to create art within people and, consequently, communities. A performance and education space would foster just that and more.

PSU students need your support. This is a rare opportunity to help reshape Portland's future and provide needed academic space at the university. Please support Portland State's Capital Construction Bond Request and invest in the PACC.

Sincerely,
Lily Sveinbjornsson
